Important Questions	Answers	Why This Matters:
What is the overall deductible?	**$525** per adult OR **$175** with completion of HRA and Biometric Screening (**$100** for children)	Generally, you must pay all of the costs from **providers** up to the **deductible** amount before this **plan** begins to pay.
Are there services covered before you meet your deductible?	Yes. Mental Health, Substance Abuse, Prescription drugs, vision, preventive dental, up to **$250** for Physical Examination Expense Benefit for Member and Spouse only, and up to **$300** for Accident Expense Benefit	This **plan** covers some items and services even if you haven't yet met the **deductible** amount. But a **copayment** or **coinsurance** may apply.
Are there other deductibles for specific services?	Yes. **$100** for Chiropractic care. There are no other specific **deductibles**.	You must pay all of the costs for these services up to the specific **deductible** amount before this **plan** begins to pay for these services.
What is the out-of-pocket limit for this plan?	For in-network providers **$15,000** Individual/ **$30,000** Family for medical, and a separate **$3,000** per person for specialty drugs.	The **out-of-pocket limit** is the most you could pay in a year for covered services. This limit helps you plan for health care expenses. If you have other family members in this plan, they have to meet their own **out-of-pocket limits** until the overall family **out-of-pocket limit** has been met.
What is not included in the out-of-pocket limit?	Charges for out-of-network services and any drug coinsurance or copayments other than those through the Sav-Rx specialty program.	Even though you pay these expenses, they don't count toward the **out-of-pocket limit**.
Will you pay less if you use a network provider?	Yes. See **www.bluekc.com or call 1-816-943-0277** for a list of in-network providers.	This **plan** uses a **provider network.** You will pay less if you use a **provider** in the **plan's network**. You will pay the most if you use an **out-of-network provider**, and you might receive a bill from a **provider** for the difference between the **provider**'s charge and what your **plan** pays (**balance billing**). Be aware your **network provider** might use an **out-of-network provider** for some services (such as lab work). Check with your **provider** before you get services.
Do you need a referral to see a specialist?	No.	You can see the **specialist** you choose without a **referral**.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
