YOUR FEET

YOUR MOST IMPORTANT TOOL

- **The National Safety Council Reports the average Trade Person spends nearly 60% of their day on their feet.**
- **4 in 10 workers report recurrent pain. With knee, back and foot pain being most prevalent**
- **Custom orthotics provide:**
  - **arch support to decrease pain & fatigue**
  - **improve foot and ankle stability**
  - **decrease work injuries related to feet, ankles, knees and lower back**
