Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$590 per adult OR \$240 with completion of HRA and Biometric Screening (\$100 for children)	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay.
Are there services covered before you meet your deductible ?	Yes. Mental Health, Substance Abuse, Prescription drugs , vision, preventive dental, up to \$250 for Physical Examination Expense Benefit for Member and Spouse only, and up to \$300 for Accident Expense Benefit	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply.
Are there other deductibles for specific services?	Yes. \$100 for Chiropractic care. There are no other specific deductibles.	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan ?	For in-network providers \$10,000 Individual/ \$20,000 Family for medical, and a separate \$3,000 per person for specialty drugs .	The out-of-pocket limit is the most you could pay in a year for covered services. This limit helps you plan for health care expenses. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Charges for out-of-network services and any drug coinsurance or copayments other than those through the Sav-Rx specialty program.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See www.bluekc.com or call 1-816-943-0277 for a list of in-network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without a referral .

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
